Re: Landscape work testimonial

Dear Mr. Gallagher,

When we moved into our new house we wanted to turn our dirt lot into a nice yard. We interviewed several companies and we really liked the vision and enthusiasm of Kevin Gallagher with Sonoran Rain. He is a great person to deal with and he is the type of guy that you feel that you have known forever. He did a great job in all aspects: from working with the HOA on approval, to yard layout, to meeting with us every day, and leading the project up to the end of construction. He made this construction project an enjoyable experience for us.

We liked the ideas that he gave us and the craftsmanship of the crew is top notch. I work in the construction industry and I am particular in how things look and go together. The crews cleaned up the work areas every night. They were very friendly and their workmanship is outstanding. Every paver is in a parallel line; the paver sidewalks and built-in barbeque looks like something out of a magazine; and the landscaping sod, plants, and border all look great together.

We could have used anyone to do our landscaping, but I am glad that we chose Sonoran Rain. The end project has exceeded my expectations on all levels. Even though they have just recently finished my yard, I have recommended them to my family and friends.

Thanks to Kevin and the crew for all of your hard work. Our yard looks great and we love it!

Sincerely,
